

## We're Hiring: QA Tester Manual+Automation (Full-Time, On-Site − Ghatkopar East, Mumbai)

Company: Kanishka Software Private Limited

## About us:

Kanishka Software Private Limited is a technology solutions firm established by a team of professionals with an extensive experience in Business process consulting and software development.

**Position: QA Tester Manual+Automation** 

**Location:** Ghatkopar East, Mumbai

**Type:** Full-Time, On-Site

## Responsibilities:

- Perform manual and automation testing of web and mobile applications.
- Develop, maintain, and execute test cases and test scripts.
- Identify, document, and track bugs using bug tracking tools.
- Collaborate with developers, project managers, and business analysts to ensure quality at every stage.
- Perform regression testing before deployments.
- Ensure compliance with QA standards and guidelines.

## **Requirements:**

- Minimum 1 year of experience in both manual and automation testing.
- Strong understanding of SDLC and STLC.
- Proficiency in automation tools like Selenium, Appium, or equivalent.
- Experience with API testing tools such as Postman.
- Familiarity with bug tracking tools like Jira.
- Good communication and analytical skills.
